

# SPOKANE RETIREMENT RESOURCE CENTER

Retiring today will be unlike any time in history. The information provided in our classes will, undoubtedly, expose some of these little know truths that could make or break your retirement.

Trusted Retirement 3.0 is a special class designed for non-profit and businesses who want to prepare their staff and members for retirement.

There are several topics that are included such as Social Security, Long-Term Care, Medicare and Elder Law. But we reserve a certain amount of time for the business or entity to select from our vast roster of Retirement Topics.

There will be nothing sold or solicited at these appointments. Only one outside event will be scheduled per quarter, so act now!
